I am a software developer with a passion for coding and solving problems with logic. I have spent the past two years working at General Assembly as a Senior Instructional Associate. Code review and debugging are my specialty. While at General Assembly I grew my own skills and spent time building personal projects.

General Assembly 2/2022 – 1/2024 (Contract ends 1/31/2024)

Senior Software Engineering Instructional Associate

- Taught 50% of content including Vanilla JavaScript, Express, React, Python, Django, MongoDB, PostgreSQL, AWS
- Developed and updated coding lessons
- Debugged and reviewed student code for feedback and evaluation
- Continually utilized collected data to improve instruction and student success

Global Payments Inc. 10/2019 – 5/2021

Data Entry Specialist

- Built and maintained merchant terminal files for the backend database
- Problem solved merchant requests by changing file/terminal settings
- Trained new employees to perform all job requirements

Skills

Languages: JavaScript, Python, Ruby, SQL, HTML, CSS,
Frameworks/Libraries: React, React Native, Express, EJS, Django, Ruby on Rails, Bootstrap, Tailwind
